## "A Tortured Heart"

The Dramatic Story of a Woman's Struggle for Happiness.

Written and Directed by W. S. Davis.  
ADMISSION TEN AND FIFTEEN CENTS.

### SEPTEMBER MONTH LIGHT.

According to City Police Judge Frank E. Thomas, the business of the city court experienced a considerable slump during the month of September. But seventy-five cases were tried and the amount of fines was cut to a nominal figure. In order to show a big increase for the department orderly houses have to be tried in quantity, from which very heavy fines are secured. Another factor which enters into the matter is the better observance of the traffic laws.

### ASHURST COMING.

According to a Bisbee man, who was talking to Senator Henry F. Ashurst in Prescott several days ago, the Senator will appear in Bisbee in the near future and make a speech. No arrangements have been made for his reception by the committee as yet but this will be done when the date of his appearance becomes known.

The only place you can get broiled meats is at the English Kitchen. (Advertisement)

### THREATENS TO WORK.

The friends of C. C. Julian, of Brewery Gulch, Bisbee, are interested in the latter's threat to go to work. It would appear that Julian was offered a position in one of the mines yesterday but decided, upon mature reflection, that he would not undertake to go underground. He hasn't turned the job down yet, however, and may again be seen carrying a bucket before long.

### HOME FROM JEROME.

John Wolschigel, the Bisbee grocer, has returned from a trip to Jerome where he looked over the various properties, now on the market from that camp. According to the Bisbeeite Jerome is experiencing a boom the like of which was never seen in a copper camp in the state. Prosperity rules everywhere, says the local man, and there are likely to be many other mines made besides the two which are now producing copper.

### NOTICE TO THE PUBLIC.

We desire to caution the public against the misrepresentations being made by the so-called cooks and waiters union in regard to the number of hours our employees work.

The facts are that the cooks and waiters and all other help employed by us in our restaurant for the past three months work only eight hours for a day's work and we challenge evidence to contradict these facts. Following is the scale of wages we pay: Cooks, \$4.00 per day, 8 hours. Waiters, \$3.00 per day, 8 hours. Dishwashers, \$2.25 per day, 3 hours. Time and one-half for overtime. The above wages include board. THE ENGLISH KITCHEN. William Truax, Prop. (Advertisement)

## MONTANA SHOOTING IMPLICATES EDITOR

Death Makes Slayer of Republican Leader Face a Murder Charge.

(By Review Leased Wire)  
THOMPSON FALLS, Mont., Sept. 29.—A. C. Thomas, chairman of the Republican central committee of Sanders county, died in a hospital at Missoula today from a pistol shot fired by Miss Edith Colby, a newspaper reporter, who is in jail.

Senator Edward Donlan, of Missoula, a friend of Thomas, said the affair was the result of a long political fight. The preliminary hearing of Miss Colby was continued until October 5. Miss Colby stated that Thomas had made remarks that reflected on her character. J. Maniere, editor of the newspaper that employed Miss Colby, also has been arrested and is in jail. The sheriff said that he had been told by Miss Colby that Maniere had advised her to kill Thomas, who was opposed politically to Maniere.

of its members, led the negro back to jail.

Nowata was quiet following the episode but it was only the lull before a storm.

Shortly after the dinner hour Foreman and the negro who had been rescued from the mob in the afternoon, who went by the name of "Sunny" Howell, were taken from the jail by another larger mob of citizens. Foreman was stung up to a lamp post near the court house and Howell was hanged from a tree a few feet distant. The sheriff was not at the jail when the mob sought entrance. The deputies left to guard the negroes were pushed aside and forced into submission.

Within two hours after the negroes were lynched a prayer meeting was in progress at the Methodist Church. The leader was Mr. Pierce, who, but a few hours before had saved one of the now dead negroes by his eloquence.

## HARRY LOKE PUTS INTO BISBEE FORT FOR NIGHT'S STAND

Road Mapper of Southwest and Well Known in Bisbee, Spends Night Here While Enroute to California.

Harry Locke, perhaps the best known road mapper in the United States and resident of Arizona for many years, arrived in Bisbee last evening from Dallas, Texas, traveling overland to California completing the last leg of the Spanish Trails which extended from Miami, Florida, to the Pacific Coast—the route that is open from one end of the year to the other. The road mapper is accompanied by Mrs. Locke and travels by automobile. He has been out of Dallas for several weeks, having made the trip in good time and supplemented his already informative map with many suggestions and improvements. He has been in Texas and the south since last February and has connected the Borderland Route with its sister route—the Spanish Trails—to the Atlantic Coast. This will, in time, bring numberless tourists through from the east and south, making their way to California. Locke leaves this morning for Tucson and Phoenix and will then go to Southern California.

## GOODBYE HORSES, BISBEE BUYS TRUCKS

(Continued from page one.)

Bisbee's city council labored two nights over the question of fire trucks, being in session over three hours Thursday night and two hours last evening. Every point of advantage offered by each of the five makers of trucks was carefully investigated and in deciding to accept the American La France bid Mayor Adams, in speaking for the council, said:

"I feel that the council has investigated carefully and impartially the merits of every product offered to us. We are certain there will be some censure of our action. It always follows the awards of contracts. We feel, however, that we have acted for what we think the best interests of the tax payers and the people of the city and are willing to let the matter stand at that."

Each of the other bidders thanked the council for the courtesy and consideration shown them in the entire bidding and all agreed the aldermen had treated them and their bidders and contentions with the utmost consideration.

## KNOBLACH, GERMAN SPY, CAUGHT IN N. Y.

Clever One, Who With Fay Escaped Georgia Pen, Run Down by U. S. Agents.

(By Review Leased Wire)  
NEW YORK, Sept. 29.—After a search in the United States by federal secret agents which has extended over the entire country, William Knobloch, who escaped from the federal penitentiary at Atlanta, Ga., August 16, with Lieut. Robert Fay, convicted bomb plotter, was arrested here tonight. He professed ignorance of the whereabouts of Fay. Knobloch has been trailed for three days by secret service men in the hope that he might communicate with Fay, but he failed to do so and it was decided to take him into custody.

Knobloch was convicted in Baltimore for using the mails to defraud and was sent to Atlanta in May of this year to serve a term of 18 months. So far as known he was not connected with the bomb plots for which Fay was convicted.

At the penitentiary Fay and Knobloch were employed in the power house. They escaped by using forged passes, declaring they had to do some repair work outside the prison.
